[GOOD OLD DEMOCRACY (G.O.D) MANIFESTO 2013 -2033]

The GOD political party was started around 1978 by Justine Francis Mc Burnie who was at the time working as clerical officer in the office of the late Sir Eric Matthew Gairy. At that time, it was noted that Politicians believed more in themselves and not the almighty God. Mr. Mc Burnie believed that the seat of power belongs to God and not man. He became aware that having won elections politician became selfish and forgot the promises made to uplift the standards of living of the people. God gave me a mission to remove the plight of the poor and remove Godlessness, immorality and corruption.
